***PR NEWSWIRE***

### **ABOUT PR NEWswire**

PR Newswire is the world's acknowledged leader in the electronic distribution of full text corporate, association and institutional news releases to the media and the financial community. After founding the industry more than 40 years ago, PR Newswire has been its innovating force, providing a constant stream of enhanced services for professional communicators. Our strong relationships within the public relations, investor relations, governmental and financial communities keep us apprised of your ever-changing requirements and guide us to ensure that we are first and foremost in serving your needs.

Through expanded newswire services and exciting broadcast fax and fax-on-demand products, PR Newswire has maintained and expanded its leadership role. We continually establish new benchmarks in the industry. However, our proudest achievement is the expanding list of PR Newswire members, and we look forward to continuing to provide the extensive services, high quality and superior personal service that our client base has come to expect.

### **GET TO YOUR TARGET AUDIENCE**

We provide a complete menu of communications services:

- The most extensive domestic and international circuits available today for press releases
- Distribution at no extra charge to all appropriate trade publications and financial analysts
- Advanced fax and fax-on-demand technology for targeted audiences
- Direct placement into dozens of U.S. and international databases for ongoing availability to researchers
- A key disclosure network for assisting in meeting SEC and marketplace regulations
- A full range of specialty NewsLines for targeting industry-specific media
- Complete mailing service operation for supplementary distribution of materials

Every day of the year, editors, writers and reporters rely on PR Newswire as their primary source of corporate news. The media are accustomed to the experience, reliability and quality of copy from PRN members. They look for it and they use it.

This directory has been designed to assist you in the selection of your distribution. You should feel free to discuss your needs with your PR Newswire representative to be certain you are using the most appropriate and cost-effective news distribution for your company or your client's company.

**CONDITIONS OF SERVICE:** PR Newswire is a membership association. Operations of its private press communications network are governed by the Federal Communications Commission and public utility regulations as well as by the professional guidelines of a news agency. To safeguard accuracy and reliability, all copy is handled by experienced news personnel and measured against a high standard of acceptability. Editorial judgments are exercised only in consultation with our members. However, copy or photograph deemed unacceptable may be refused. All copy transmitted on our circuits is the property of PR Newswire. Members are responsible for the content and factuality of copy transmitted by them. 12-month membership: \$100

The following are brief descriptions of PR Newswire's services that appear in this directory. You can find a more detailed explanation of these services in the beginning of each individual section. If there is something that is not clear or you cannot find the service you are looking for, please contact your local PRN representative.

### ***National/Regional/State and Local***

Through its own satellite-linked electronic network, PR Newswire transmits news nationally, regionally and locally throughout the U.S. — *24 hours a day, seven days a week*. Information about these distributions can be found under headings for US1, US2, Regional and State and Local NewsLines, starting on page 10.

### ***Business & Trade Publications***

PR Newswire provides extensive coverage of the significant publications in your industry, at no additional charge for any release that moves over the wire.

### ***Investor Relations***

PRN's domestic and international Investors Research Wires reach more than 100,000 investment decision-makers. More information on these services can be found on page 56.

### ***International***

Through affiliate organizations, including Canada NewsWire, Two-Ten Communications, Kyodo News Service, Tass and Reuters, PR Newswire's reach extends throughout North America, Europe, Africa, Asia and South America — in short, anywhere in the world. Information about global distributions can be found under the International NewsLines heading beginning on page 62.

### ***Databases***

Every news release carried on PR Newswire is archived in the world's leading databases. Your unedited, full-text news becomes part of the permanent record. PRN's database distribution is listed on pages 86.

### ***Specialty Distributions***

Target special interest audiences with the Feature News Service, EntertaiNet, Broadcast TV, Capital, Hispanic, E-Wire and other PRN exclusives.

### ***Facsimile Services***

Through its own state-of-the-art facsimile service — the largest in the world devoted to the needs of PR and IR professionals — PRN broadcasts data via fax to hundreds of recipients within minutes. PRN also offers complete Fax-on-Demand services. Fax information begins on page 122.

### ***Mail***

PRN provides full mailing services that complement your newswire and fax distributions when mailing of your release is required or you want to ship larger, less timely materials. Mailing service details are on pages 126.

The following are some of the **complimentary** services that PR Newswire provides each of its members to assist in your company's news distribution process:

**Clear Times** – After transmitting your news, we call you back with the time your release cleared the wire. We also will alert you when your news crosses Dow Jones and Reuters.

**Wire Copies** – A wire-version copy of your release will be sent to you with each invoice. This is a prompt, permanent record for your files.

**Repeats** – If an editor or analyst cannot find the release you sent, call any PRN bureau to request a repeat transmission at no extra charge.

**Headline Summaries** – Throughout the day, PRN transmits headline summaries of all releases, giving editors additional opportunities to view your copy. Summaries by subject remind editors that your release is included in an area of special interest to them.

**"Daybooks"** – All PRN bureaus transmit local schedules known as "daybooks" to editors. These listings of newsworthy events scheduled for that day are a mainstay of local journalists. When you use PRN to announce a news conference or similar event, it will be included in these daybooks at no extra charge.

**Corrections** – If you discover that you've released copy containing an error, or if editors require further clarification, PRN will transmit a correction or addition immediately. If PR Newswire is responsible for an error, a correction will be transmitted immediately at no charge.

**Media Coffees** – This exclusive PRN program provides you with the opportunity to meet with editors and reporters face-to-face and discuss how they receive news for publication. The free events are held by all PRN bureaus nationwide during the course of the year.

The following is a checklist of steps you should take to ensure that we receive the proper distribution instructions to enable us to process your company's news as accurately as possible.

### **STEP 1**

Speak with a PR Newswire representative to ***select the appropriate distribution***. Choose from any of our more than 60 Domestic NewsLines, ranging from the comprehensive national coverage of US1 to Regional, State or Local NewsLines.. At the same time, you also may select any additional international, facsimile or mail coverage you require.

### **STEP 2**

Tell us when you want your news released. ***All copy is considered for immediate release unless you specify otherwise***. We can hold your copy for release at a specified time or until you call us to transmit the release.

### **STEP 3**

***Make sure your release carries a contact name and telephone number*** so we can call with any questions and to ensure that reporters and analysts can call you for more information.

### **STEP 4**

Send us your release via the most convenient method – computer, facsimile, voice dictation or mail. ***Transmitting by computer is the easiest and most efficient way of delivering your copy to PR Newswire***. Copy received by computer does not have to be retyped, meaning your release is delivered to your audience more quickly. For instructions on how to send your release to PR Newswire via computer, see the next page.

Here are the instructions for sending your release to PR Newswire via computer.  
In the event of any problems, please contact your local PRN bureau for assistance.

## ***What information should be included on my release?***

- Name and telephone number of person transmitting release.
- Distribution requested.
- Text of release, beginning with headline.
- Media contact name and telephone number to be printed with release.

## ***How should I format my release?***

- Line length must not exceed 70 characters. This applies to spreadsheets as well as text.
- Indent each paragraph, start with four spaces.
- You may use tabs within your document to align tables.

## ***How do I save my file?***

- Files must be saved as ASCII or plain-text files.
- Saving your file in ASCII creates a simple text version of your copy, without different font sizes, bold face or italicized type faces.
- The media expect to receive files in this format.
- All popular word processors can create ASCII files. Usually, this option is part of the "Save As" function, but may also be referred to as "Unformatted."
- For assistance with your specific word processor, contact your local PRN representative.

## ***Saving in ASCII from popular word processing programs:***

### Windows Applications:

**Word Perfect 6.0** - Pull down File menu. Select "Save As." Under format select "ASCII Text" (DOS) and enter a filename.

**Word for Windows** (all versions) - Pull down File menu. Select "Save As." Under "Save as File Type" select "Text Only with Line Breaks." Enter a filename.  
(Note: .TXT will be added to your filename.)

**Ami-Pro** - Pull down File menu. Select "Save As." Under "List Files of Type" select "ASCII." Enter a filename.

### DOS Applications:

**DisplayWrite** - With cursor at top of document, hit F4 for "Functions." Select "Notepad" and then "ASCII Copy to File." Move cursor to end of document and hit enter. Enter a unique filename (.ASC will be appended to the name you enter.) Exit.

**Multimate 4.0** - Hit ALT-L and select the "File" option. Select "Save As" and then select "Stripped ASCII." Enter a unique filename. Exit.

**Word** - Select "Print Options." Select "Plain" print driver. Enter a unique filename. If you have the option of selecting "Unformatted" v.s. "Formatted," select "Unformatted." Exit.

**WordPerfect** - CTRL-F5, then select "1" for "DOS text" and "1" for "Save." Enter a unique filename and exit. Do not resave your document when you exit WordPerfect.

## ***How do I set up my communications software?***

Telephone Number:	Consult back cover for communications number for specific bureau.
Baud:	Up to 9600
Parity:	Even
Databits:	7
Stop Bits:	1

- All communications programs have the ability to store information for numbers you call frequently.
- The method for inserting this information varies by program, and you should contact your local PRN representative if you need assistance.

## ***How do I transmit my file?***

- After saving your file, exit the word processor.
- Make sure your modem is turned on and connected to a live telephone line.
- Run your communications software, and select "PR Newswire" entry from your dialing directory.
- You should hear your modem dial and then connect with PR Newswire's modem.

## ***Now what do I do?***

- Once you see the connect message, begin the ASCII or Text-Upload process.
- This varies by program, and you will be prompted for the name of the file you wish to send.
- Once the file begins to transmit, you should see it run across the screen, from beginning to end.

## ***When the file has been transmitted...***

- When you see the end of your file appear on screen, type in "NNNN."
- If you prefer, you may enter the "NNNN" at the end of your release while still in your word processor and before you save it in ASCII.
- The "NNNN" signifies that you have finished transmitting your release.
- You will now receive a reference number.

## ***The Final Step...***

- ***Always*** call the local PR Newswire bureau to which you sent your release to verify receipt.

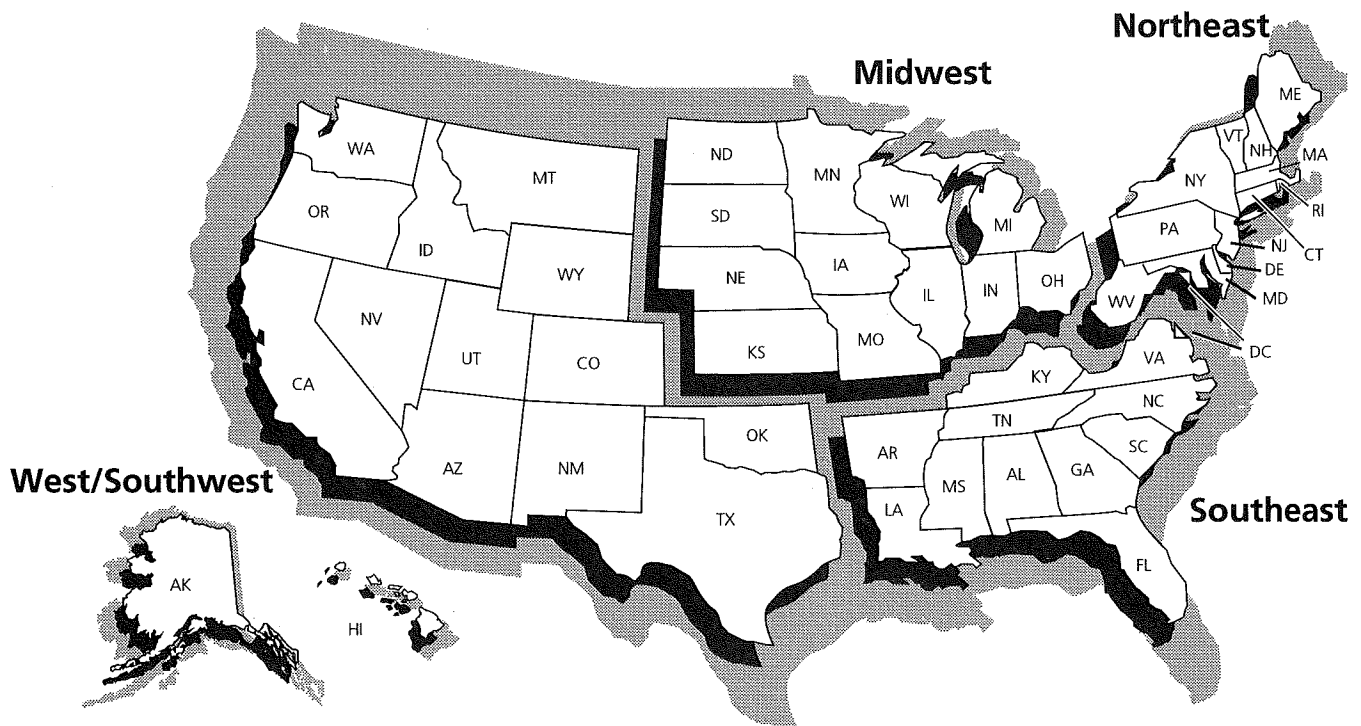

# **NATIONAL NEWSLINES**

**US1** is PR Newswire's premier national circuit, giving you access to more than 2,000 newspapers, wire services, magazines and broadcast points across the U.S. The Investors Research Wire, with points served listed on page 59, serves more than 100,000 terminals in the worldwide financial community and is included with US1 at no additional charge. All appropriate trade publications in your industry as listed on page 48, also receive your transmission free of charge.

**(NewsLine Listing begins on page 10.)**

**US2** is PR Newswire's basic national circuit, serving some 1,500 news points. It also includes the Investors Research Wire at no additional charge, as well as appropriate trade publications, as listed on page 48.

**(NewsLine Listing begins on page 17.)**

## **TRADE PUBLICATIONS**

A vital component of many communications strategies is reaching industry-specific newspapers, newsletters and periodicals. A story placement in one of your industry's well-read publications goes a long way toward educating the readers about your product or service. At **no additional charge** for any release that moves over our wire, PR Newswire provides extensive coverage of the significant publications in your industry. We also contact editors on a continuous basis to review their areas of editorial interest and tailor our lists so that your releases reach the editors managing that particular beat.

## **FAX COMPREHENSIVE SERVICES**

Occasionally you will want to reach smaller weekly newspapers, non-business radio stations or all the trade publications in your industry. PR Newswire has recognized this need and has established facsimile lists to meet these specific goals. Through these lists PRN makes available the most extensive distribution available in virtually every industry category. For a modest charge, these additional lists will be activated for your use.

Whether your company or client is involved in automotive, energy, health care or high tech, your story, when transmitted over PR Newswire, lands on the desks of the people who know your company and your industry.

## **MEETING YOUR DISCLOSURE REQUIREMENTS**

Since its inception, PR Newswire has been the preferred way for public disclosure of meaningful corporate news by Fortune 1000 companies. Today, more companies of all sizes, including small and mid-size concerns, use PR Newswire for their earnings reports and all news that investors and others in the financial community need to receive.

While other news services suggest "minimum disclosure," the SEC recommends full and prompt disclosure to a wide distribution. All of the recommended disclosure media – Dow Jones, Reuters, The Wall Street Journal, The New York Times, AP, UPI, Moody's, Standard & Poor's, Fitch, Knight-Ridder and Bloomberg Business News – are always included in the PRN distribution of all business stories.

Our Investors Research Wire (IRW) speeds your story to buy- and sell-side institutions throughout the U.S. The IRW also sends your news directly to thousands of investors, brokers, analysts and money managers who get your news on their computer screen alongside price quotations and other financial news services.

Included at no extra charge as part of all appropriate releases, the Investors Research Wire is the best and most effective way to tell your whole story to Wall Street and investors around the world.

OTC/IRW is a special extended service for NASDAQ and OTC Bulletin Board companies. For a small additional cost, they gain access to the full IRW service plus distribution to OTC media including OTC News-Alert, which puts your release on subscribing Quotron screens and other financial databases.

PRN's International IRW sends your release to major exchanges, banks and other financial institutions in Europe and Asia. (International IRW listings begin on page 81.)

If your company has made a recent initial public offering, or is about to go public, contact your local PR Newswire office. We will be pleased to give you an overview of how we can assist you in meeting your disclosure obligations in a fast and cost-effective manner.

### **DIRECT ACCESS TO THE FINANCIAL COMMUNITY**

#### ***Investors Research Wire (IRW)***

PR Newswire's own NewsSource computer terminals and dedicated high-speed printers reach buy- and sell-side institutions throughout the U.S. OTC/IRW is a special extended service giving NASDAQ-listed and OTC Bulletin Board companies access to the full IRW service as well as distribution to key OTC media including OTC NewsAlert, which displays PRN releases on the screens of subscribers through Quotron and other information vendors. IRW delivers Corporate America's message to more than 100,000 locations in the financial community worldwide and is included at no additional charge with all domestic distributions. OTC/IRW is a small additional charge.

#### ***International IRWs***

PR Newswire's International IRWs deliver news to important financial audiences — in Australia, Canada, France, Germany, Hong Kong, Japan, New Zealand, Singapore, Spain, Switzerland and the United Kingdom. For more information, see page 81.

#### ***Bloomberg Financial Markets***

The "Bloomberg" multipurpose financial information system serves more than 5,000 clients using more than 32,000 terminals on the buy- and sell-side in almost every country with significant financial markets.

#### ***Bridge Information Systems***

Bridge offers stock quotes, market analysis, corporate histories and other information on the equities and options markets via terminals at institutions, securities firms, banks and government offices worldwide.

#### ***Shark Information Systems***

Shark provides quotation and analyst services to some 5,500 financial clients worldwide.

#### ***Dow Jones News/Retrieval***

PR Newswire is available in DJN/R's //RELEASE file to the service's 300,000 worldwide users. PRN copy is searchable by stock symbol, industry code and several other variables. Releases are available for 90 days. DJN/R's //WIRES file contains the full text of PRN and Dow Jones' five major proprietary newswires. All PRN releases since 1985 are stored in the //TEXT and //TEXTM files. Also, PRN is one of only two non-Dow Jones sources of information available electronically on DowVision.

### ***NEXIS***

PR Newswire has had its own file in NEXIS, the world's largest news database, since 1980. All PRN information entered since that date is still available.

### ***MarkeTrack/MarkeTrack-MX***

These advanced quotation services from Track Data Corp. serve more than 1,200 equity traders and analysts. PRN headlines and full text are accessible.

### ***FactSet***

One of the largest suppliers of mainframe-to-PC financial information, serving the nation's most prominent institutional investors, offers PR Newswire exclusively in headline and full text.

### ***Quick***

PR Newswire's daily file is available on Quick, a Tokyo-based vendor of real-time financial information that is accessed by some 50,000 subscribers.

### ***Corporate Data Exchange (CDX)***

A free-to-user bulletin board and database of corporate information available upon request.

### ***Other Financial Databases***

Among several major databases, PRN also is available in the IDD Mergers & Acquisitions Database; the Jiji Press Database; Predicasts; Standard & Poor's Compustat, Daily News Online and Marketscope services; and Telekurs.

# **INTERNATIONAL NEWSLINES**

PR Newswire, through its international affiliates, offers the broadest and most cost-efficient coverage of any business newswire.

PRN provides you with a direct link to the key media of Europe, Asia, the Middle East, Latin America, the Commonwealth of Independent States, Canada, Australia and Africa. Whether your target is Alberta or Algeria, PRN can reach editors in their native language, often via the country's own national news service.

Responding to the emerging markets of the CIS and Latin America, PRN has exclusive access to the Itar-TASS newswire, which blankets the media, government ministries and research institutions in the former Soviet Union. PRN also was the first commercial news service to transmit copy in Spanish on Reuter's Latin America network and continues to be the region's most recognizable source of news from American companies.

In the last year alone, PRN has gained access to the newslines of Xinhua in China and Hong Kong, the Central News Agency in Taiwan, Indonesia's Antara News Agency, South Korea's Yonhap News Agency and original text services that are subsidiaries of Agence France-Presse, DPA (the German Press Agency) and the Australian Associated Press. PRN continues to enjoy longstanding relationships with Two-Ten Communications in London, Canada NewsWire and Japan Business News, a subsidiary of KK Kyodo News Service.

PRN's enhanced international services have expanded during the past year to include targeted trade fax distribution in Europe and new photo transmission capabilities. Please contact PRN's International Desk at 800-832-5522, Ext. 555 for additional details.

# Canada

PR Newswire's exclusive arrangement with Canada NewsWire (CNW) enables American corporations to reach Canada's news and financial decision-makers as easily as they reach their American counterparts.

The most popular CNW services used by American companies are the Canadian Basic and Canadian Disclosure Networks. Both provide coast-to-coast coverage in English and French, with the Disclosure Network adding some 80 points in the investment community at no extra charge. Both networks are exclusive to PRN. Another popular package is the North American Disclosure Network. This combines the Canada Disclosure Network and PRN's US2 National NewsLine, plus the U.S. Investors Research Wire.

**Canadian Disclosure** – In addition to the media points on the Canadian Basic (English and French), the Canadian Disclosure circuit reaches more than 80 securities firms, banks and institutions; the Toronto, Montreal, Alberta and Vancouver Stock Exchanges; the securities regulatory authorities of British Columbia, Alberta, Ontario and Quebec; and Canadian Dow Jones and Reuters.

# **DATABASE & ONLINE SERVICES**

All releases sent over PR Newswire are immediately forwarded to the world's most widely accessed databases and online services. The full text of your release, along with the version edited by the press, becomes part of the record at dozens of database services in the United States and around the world.

The following are brief descriptions of the databases and online services in which your news is archived when your news is sent over PR Newswire.

## **ARCHIVE DATABASES**

### **BLOOMBERG**

Bloomberg distributes commodities market data, analysis and news to approximately 32,000 dedicated terminals. PR Newswire is available in the scrolling news monitors (NH PRN) and individual releases can be retrieved by company (CN). PR Newswire releases have been stored since March 1992.

### **DIALOG**

Over 450 databases from a broad scope of disciplines are assembled on DIALOG, including scientific and technical literature, trade journals, newspapers and newswires. PR Newswire is available in File 613, several DIALINDEX categories and Knowledge Index, Dialog's after-hours information service available through CompuServe. PR Newswire releases have been stored since May 1987.

### **DOW JONES NEWS/RETRIEVAL**

Dow Jones News/Retrieval provides online access to more than 68 databases of financial and business information. An archive of PR Newswire stories has been kept in //TEXTM since July 1989. PR Newswire is also available in //WIRES and //CLIP. The //WIRES area stores PR Newswire releases for 90 days. //CLIP automatically searches, retrieves and delivers news to your online folder, fax machine or E-mail address.

### **FACTSET**

# **ENTERTAINET**

EntertaiNet is the only dedicated communications network that electronically delivers entertainment news – and entertainment news only – directly to hundreds of entertainment editors and writers at newspapers and wire services, broadcast media, key consumer and trade publications and databases, including America Online, Baseline and CompuServe.

## **EntertaiNet USA —**

Reaches hundreds of major daily newspapers; 113 radio stations and 19 state, regional and national radio networks; 700 television stations; 50 TV network bureaus/programs and 11 international TV broadcast networks; and key consumer and trade publications for maximum coverage.

## **EntertaiNet Regional —**

Provides print, radio and TV coverage in the Northeast, Southeast, Midwest, Southwest/Rockies or West including all key consumer and trade publications.

## **New York PLUS/Los Angeles PLUS —**

Reaches major media including all key consumer and trade publications in these two entertainment capitals.

## **EntertaiNet Print/Radio —**

Reaches hundreds of major daily newspapers and 113 radio stations and 19 state, regional and national radio networks, plus all key consumer and trade publications.

## **EntertaiNet USA Total TV —**

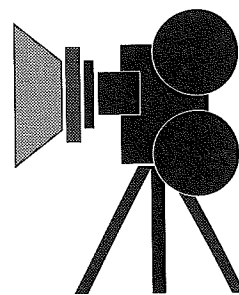

Reaches more than 700 television stations, 50 TV network bureaus/programs and 11 international TV broadcast networks, plus all key consumer and trade publications.

## **EntertaiNet USA Top 50 TV —**

Reaches more than 200 TV stations in America's top 50 TV markets.

# **CAPITAL NEWSLINE**

PR Newswire has been a major presence in the communications business for nearly 40 years. Offering the most comprehensive array of Washington-specific services in the industry, PR Newswire continues to be the pre-eminent choice for Washington's newsmakers.

As the only national newswire operating a bureau in Washington, PR Newswire is relied on by more government agencies, congressional offices, national associations, unions, advocacy groups and embassies than any other service.

### **THE CAPITAL NEWSLINE**

The Capital Newsline distributes your national news to the Washington media. This service also provides a direct link to national and international wire services, news syndicates, broadcast networks and the bureaus of leading newspapers and magazines. It is the best way to guarantee that your news gets distributed in the most timely and cost-effective manner.

### **THE D.C. PACK**

An extension of the Capital Newsline, the D.C. Pack is a more comprehensive distribution. With the D.C. Pack, you get all the services of the Capital Newsline, plus PR Newswire copies and delivers your news releases to all bureaus—foreign, domestic and trade—in the National Press Building and to the Press Club Rack. This invaluable, time-saving service allows you to reach nearly 300 newsrooms throughout Washington.

### **HOUSE AND SENATE PRESS GALLERY DELIVERY**

PR Newswire offers timely hard copy delivery of your news to members of the congressional press corps. This is an ideal way to issue reactions to legislative matters as they happen. Same-day delivery is available until 3 p.m.

### **ADDED SERVICES AT NO EXTRA COST**

PR Newswire's Washington Service also transmits your news directly into the news systems of the U.S. House of Representatives and the Senate where it is available to all members and staff. Releases are also sent to the Office of News Summary at the White House.

All advisory information is included in a Washington daybook, listing news conferences and other events announced on the Capital Newsline. Daybooks are transmitted to all media at 7:45 a.m., 11:30 a.m. and 4:30 p.m. daily, and a week-ahead daybook is transmitted at noon every Friday.

The **Capital NewsLine** allows you to reach all of the following media quickly and efficiently:

# E-Wire

***PR Newswire and E-Wire give companies, associations and government agencies the most extensive coverage to all media related to the environmental industry.***

Get your news to the trade publications that carry the clout in the environmental industry. Through an exclusive agreement, PR Newswire, the world leader in the distribution of corporate press releases, has teamed up with E-Wire, the respected circuit reaching the top 250 environmental media.

E-Wire also goes directly to the terminals of hundreds of members of the Society of Environmental Journalists and the Science and Medical Writers Association. E-Wire is available on Compuserve in the Earth Forum as well as the Journalism Forum. E-Wire is active on Internet reaching several thousand environmental groups around the world including Greenpeace, Friends of the Earth International, Sierra Club, World Wildlife Fund, Australian Conservation Foundation and Consumers Union of Japan.

PR Newswire members get direct access to editors at publications in many different fields:

- ✧ Air Quality
- ✧ Biotechnology
- ✧ Chemistry
- ✧ Conservation
- ✧ Ecology
- ✧ Ecotourism
- ✧ Energy

- ✧ Forest Management

## **PR NewsFoto**

PR Newswire offers you the ability to send high quality photographs to newspapers receiving The Associated Press PhotoExpress service. Through our arrangement with AP, PRNewsFoto will send your publicity photos, logos, head shots and other newsworthy images to photo editors at major dailies across the nation.

Photos are sent via the same system which transmits the main photo file to AP member newspapers, including The New York Times, USA Today, Cleveland Plain-Dealer, St. Paul Pioneer Press, Detroit Free Press—and the number is growing.

In addition to the AP service, your arrangement with PRNewsFoto also includes automatic electronic storage of the photo in the Wieck Photo DataBase which is free to all newspapers. No other service offers you that option.

The Wieck Photo DataBase makes your corporate photos accessible to thousands of newspapers, magazines, trade journals, newsletters, broadcast outlets and wire services in the United States and around the world.

### Wieck Photo DataBase:

- Transmits photos 24-hours a day to major media, digitally, via its custom BBS.
- Stores your photos for continued availability to the media.
- Provides notification when photos are retrieved.
- Distributes photos for Agence France Presse, Cox News Service, Hearst News Service, the Japanese News Agency Kyodo, New York Times News Service, Newhouse News Service, Universal Press Syndicate.
- Maintains separate forums for Automotive, High Tech, Travel and other industries, plus a Corporate Library area for businesses who provide file images such as executive portraits, logos, products and services.

### Some of the advantages of the Wieck Photo DataBase are:

- Photos are available to media points free of charge.
- Photos are retrieval-ready day or night, whenever the editor needs it.
- Editors can retrieve the photo in minutes, using the latest in communications technology.
- Editors receive the images electronically, eliminating the need to scan the photo.
- Eliminates time and expense involved with reproducing and mailing photos.

PRNewsFoto is easy to use. Here are a few simple guidelines:

- Call your local PR Newswire bureau regarding pricing and the particular distribution you desire.
- Make certain you have a usable black & white or color photo of a newsworthy person, event or other item and we'll handle the details.
- If you are issuing a release with a photo, please be sure you note the availability of the photo at the end of your story. Caption information should include contact, dateline and the full names of people in the photos from left to right.
- All releases and photos must adhere to general standards of news value, good taste, clarity and composition.

PRNewsFoto helps complement your press release in telling the story. Among its many applications, PRNewsFoto can be used for:

- Corporate personnel changes
- New product introductions
- Graphs and statistics
- Corporate logos/graphics
- Feature stories

For more information on PRNewsFoto, contact your local PR Newswire representative.

# **FAX-ON-DEMAND SERVICES**

## ***Ease Your Way Onto The Information Superhighway With PR Newswire's Fax-on-Demand Services***

The experts know... PR Newswire delivers the best fax-on-demand has to offer in terms of superior quality, excellent service and reasonable pricing. PRN's step-by-step approach will ease you onto the information superhighway simply, practically and cost effectively. There are three levels of PR Newswire's fax-on-demand service, each affording you a particular degree of flexibility. It's quite literally as easy as 1-2-3.

### ***PR Newswire's Fax-on-Demand is:***

#### **A Time-Saver**

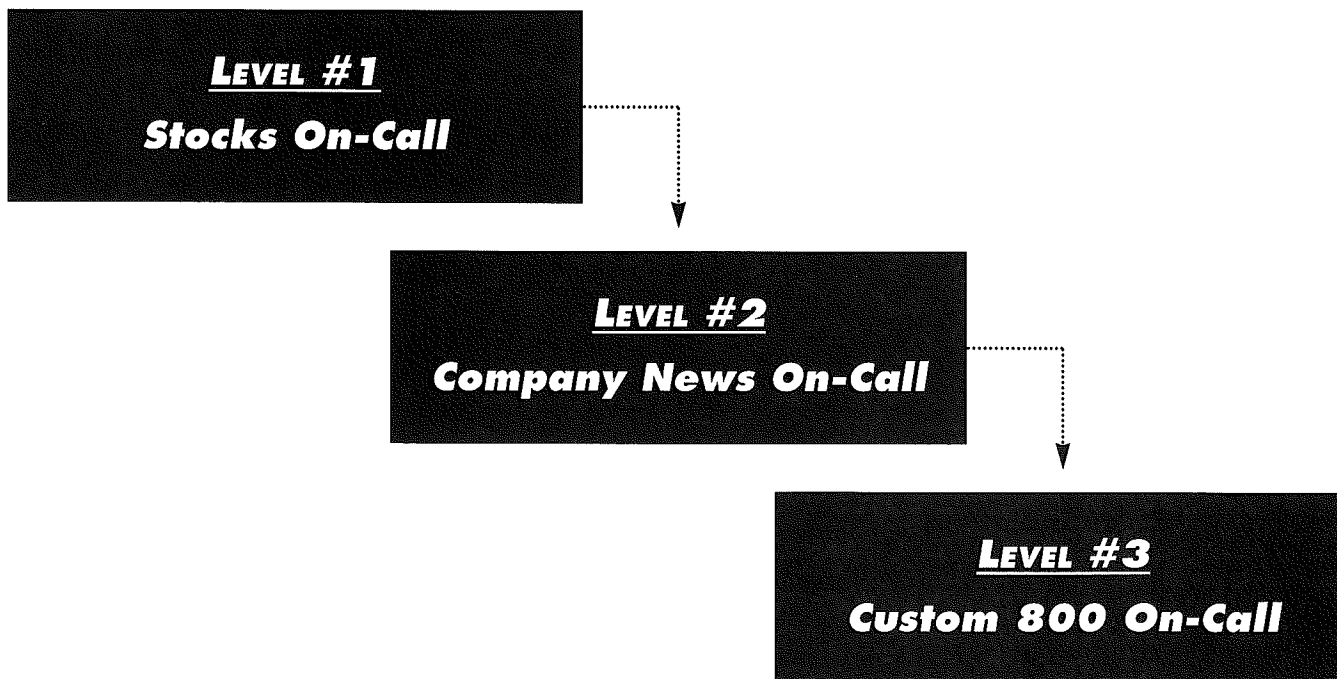

Immediate access to your information, 24 hours a day, 7 days a week. Information is accessed automatically without wasting staff time.

#### **Easy To Use**

Information faxed in seconds using a touch-tone phone.

#### **Economical & Efficient**

Speedy response to requests for information including press releases, sales/marketing/product information, earnings reports, advertiser information, executive profiles and crisis communications updates.

## **LEVEL #1**

# **Stocks On-Call®**

### ***Offering Individual and Institutional Investors FREE and INSTANT Access To Your News Releases***

Exclusively through PR Newswire's **Stocks On-Call**, the distribution of your news releases is dramatically increased to the investing public.

Through **Stocks On-Call**, advertised in *Investor's Business Daily* three times a week and in other financial media, PR Newswire makes available the full text of your news release directly to private investors, money managers, brokers and the public for three full days.

Every news release from a public company transmitted by PR Newswire is stored on

**Stocks On-Call** automatically. Investors have instant access by calling (800) 578-7888.

Callers first receive a faxed list of available stories, then they select those of interest and within seconds, PR Newswire automatically transmits your full-text news release to them - with no charge to the caller.

Thousands of calls are made weekly to **Stocks On-Call** requesting information. All you have to do to generate this additional mass exposure for your company is become a PR Newswire member.

# LEVEL #2

## Company News On-Call®

### *The Innovative Solution for the Automatic Fulfillment of News Release Requests*

**Company News On-Call** makes your job simpler by having all transmitted information, such as earnings reports, available for immediate retrieval by any selected audience. Easy access to past news releases eliminates wasted personnel hours spent rummaging through files.

With PR Newswire's **Company News On-Call** in place, your office can respond to calls from shareholders, potential investors, analysts, money managers or members of the press by referring them to your own private database, complete with its own extension on a toll-free telephone number. Your releases are stored for a full year and callers can retrieve as many stories as they need. The documents requested are delivered to any designated fax machine in seconds.

Once your release crosses PR Newswire, it automatically becomes part of your company's dedicated file. The file includes a menu of all headlines and the full text of the actual news releases.

**Company News On-Call** is available for a single annual fee. That's it. There are no additional costs regardless of how many releases are accessed and faxed. Compare this with the costs you currently face (not to mention the time lag in sending releases to callers via mail) when trying to satisfy investors and analysts who besiege you, especially during the busy earnings periods.

Some of the features of **Company News On-Call**:

- Unlimited access
- Monthly usage reports
- Fast set-up time
- Information always up-to-date
- Accessible 24 hours a day, 7 days a week

## **LEVEL #3**

# **Custom 800 On-Call®**

### ***A Fully Customized Interactive Fax-on-Demand Service***

**Custom 800 On-Call** allows you to create your own, exclusive database containing a wide range of information retrievable by fax 24 hours a day, 7 days a week. Your service will be designed to your specifications in terms of menu structure, graphics, features and voice.

#### ***Benefit from the many advantages of PR Newswire's Custom 800 On-Call:***

##### **Interactive Voice Response**

A custom voice message guides and inform your caller.

##### **Credit Card Verification**

Increase revenues by charging for access to particular documents.

##### **Voice Capture**

Collect valuable information on the callers such as names and addresses to build your marketing database.

##### **Desktop Publishing**

Use your own letterhead, logo or artwork. We accept most Mac and PC files and provide exceptional image quality.

***Here are just some of the ways PR Newswire's Custom 800 On-Call can be utilized:***

##### **Sales & Marketing**

Deliver information instantly to potential customers, distributors and wholesalers - even your own sales force - while they're on the road.

##### **Product Development**

As your company rushes its newest product to market, information can be accessed internationally by the sales staff and other employees throughout your company nationwide.

##### **Crisis Communications**

News updates and other crucial information can be retrieved by the media, employees or other targeted groups in seconds.

##### **Investor Relations**

Shareholders and analysts ordinarily jam your phone lines requesting information; they can now access it instantly by phone without any additional work for you.

# MAILING SERVICES

***PR Newswire offers full mailing services that complement our newswire and facsimile offerings to provide a one-stop solution to all of your communications needs.***

When you want to target specialized trade, business or consumer media — or smaller daily and weekly newspapers, and radio and television stations — NewsGrams allow same-day mailing of your wire copy if you have ordered wire distribution.

You may use our distinctive stationery with its established recognition by the media:

- ◇ **TRADEGRAM** – to reach specialized industry publications
- ◇ **INVESTORGRAM** – tailored to your investment list
- ◇ **STATEGRAM** – for smaller daily and weekly papers, radio & TV
- ◇ **FEATUREGRAM** – to reach magazines, columnists, consumer publications
- ◇ **NEWSGRAM** – for releases of a general nature

You may use your own letterhead. We will store – even print – stationery for you. Or we will reproduce it from your camera-ready copy.

Use our media lists – they total some 50,000 publications. Or give us your proprietary lists. Use our lists in their entirety, or customize as you will. Target by specialty or geographically. Specify zip codes, states, counties – or pick a radius around given cities.

Need to reach the rest of the world? Tell us the categories and countries in which you are interested and we will give you a comprehensive selection of publications. Again, use our carefully researched lists as is – or customize.

Press kits, product samples, annual and quarterly reports to mail? We'll handle those too. Photos? We'll reproduce, caption and mail them. We'll manage your list and provide fulfillment. We can personalize mailings according to your specifications.

**COMPLETE DISTRIBUTION...** We will localize your release, converting a national release into more productive local news, delivering that localized news story to thousands of targeted local media for greater pickup, local dealer or division support.

***Contact your local PRN bureau or call 800-832-5522  
to have a complete listing of mailing categories  
sent directly to you.***

## Working Together

### How to Use PR Newswire

#### Sending Your News To Us

- The preferred method is via your PC. We will work with you to set up direct transmission from your computer to our editor's desk.
- Fax-in your release to your bureau
- Telex I or Telex II (TWX)
- By messenger
- By telephone dictation

#### Information We Need From You

- Specific distribution. Consult your Distribution Directory or your PRN representative for the appropriate NewsLine for your story.
- Timing. Tell us specifically when you want the release to go over the wire. All copy is considered for immediate release unless we are

instructed to hold it for a later time.

- Contact Information. On your release always include contact names and phone numbers so that media or other recipients can get additional information about the story.

TO BUSINESS AND TECHNOLOGY EDITORS:  
APPLE COMPUTER REPORTS RECORD REVENUES AND EARNINGS  
(NASDAQ:AAPL) reported today record revenues and net income for the fourth quarter and fiscal year, which ended Sept. 25, 1992. "Apple clearly has demonstrated momentum," said John Sculley, Apple's chairman and chief executive officer. "Total Macintosh unit growth was up over 35 percent for the fourth quarter, and exceeded 20 percent for the full fiscal year 1992, as compared to the same periods in the prior year."

"In addition, fiscal 1992 was filled with several important milestones and successes," he said. "We introduced more new products than in any prior year with PowerBook computers alone contributing more than \$1 billion in revenues and more than 400,000 units sold in their first year of introduction. Apple's international markets continued to grow during fiscal 1992 with Apple Japan and Apple France each surpassing \$500 million in revenues. Most importantly, despite price wars and amid general industry turbulence, Apple delivered record revenues and profits, while executing our business strategy."

"Apple is building a systems company, based on valuable system software, connectivity to other computer environments, innovative hardware, and customer solutions. Our model is very different from the business models of commodity-oriented personal computer hardware companies. We remain committed to growing market share in our core business, while building new businesses to address opportunities for which Apple is uniquely positioned to take advantage."

Net revenues for the fourth quarter of fiscal 1992 were \$1.5 billion, compared to \$1.3 billion for the same period in 1991.
